

Isaac K. Boaz

Seattle, WA • (208) 473-6497 • isaac@kboaz.dev

Experience

- **Trimble** **Seattle, WA**
06/2024 – 09/2024
Software Engineering Intern
 - Contributed to the development of a **Golang-based secrets manager**.
 - Resolved a 4-year-old bug in a JSX-based web application within 4 days.
 - Identified, prepared, and deployed Windows agents for the secrets manager.
 - Created shell and Azure DevOps scripts to automate releases and workflows.
 - Met with a Scrum team weekly to understand responsibilities and blocks.
 - **Western Washington University** **Bellingham, WA**
01/2024 – 06/2024
Computer Science Teacher Assistant
 - Held office hours to assist students with assignments and projects.
 - Provided feedback and grades on assignments, projects, and quizzes.
 - Worked with professors to ensure students completed assignments and understood course material.
-

Education

- **Western Washington University** **Bellingham, WA**
2022 – 2024
College of Science and Engineering, B.S. Computer Science
 - Minor in Mathematics.
 - Graduated December 2024.
 - **South Seattle College** **Seattle, WA**
2021 – 2022
College of Science and Engineering, A.S. Computer Science
-

Projects

- **EdgeGamers Organization** <https://edgegamers.com>
2022 – Present
Software Engineer, Volunteer
 - Developed projects including Java & C# server plugins and maintenance.
 - Managed and maintained multiple videogame servers, set up and separated production / development servers using automated systems including Docker, GitLab, and GitHub.
 - Coordinated with a team of 26 people via GitLab to ensure tasks, goals, and issues were completed promptly.
 - Managed public-facing issue trackers, working with divisional managers to assure issues were marked, responded to, and resolved as appropriate.
 - Documented new policies, procedures, and systems to allow for easier onboarding and training of new members.
 - **Jailbreak** <https://github.com/edgegamers/Jailbreak>
 - A Counter-Strike 2 server plugin written in C# to allow for the Jailbreak gamemode to be easily played.
 - Integrated with a C++ based MetaMod plugin using the CounterStrike Sharp framework.
 - Utilizes MySQL for player state and stats management.
 - **AdminMode** <https://git.msws.xyz/MS/admin-mode>
 - A Minecraft plugin written in Java that allows server moderators / administrators to easily enter *admin mode*.
 - Entering / leaving *admin mode* preserves player state to reduce interruptions.
 - Integrates with DiscordSRV for transparent logging to upper management.
-

Miscellaneous
